## Highlights

- \* 10 am-2 pm **Hosta Leaf Identification**  
Tom Michiletti, President of the American Hosta Society, will be available to identify your unknown hosta leaves.
- \* 1 pm **'Get your Hosta Groove On'**  
Presentation by Mary Beth Vanous, Q&Z Nursery Rochelle IL

## **Hundreds of varieties of hostas \$5 and up for sale to benefit Heifer International.**

Heifer International is an international charity that leads hungry people to self-reliance through sharing farm animals. The recipients of the animals must pass on the first female offspring to another family in need. Rich Eyre worked with this organization in the Peace Corps 41 years ago in Bolivia and he can give testimony to its positive effects in those communities. Rich and Susan Eyre served 6 years on the Board of Trustees of the Heifer Foundation. Heifer International has provided food and income producing animals to more than 8 million impoverished families in 135 countries in the last 65 years.

## **New Hosta Book For Sale: *The Hostapedia: An Encyclopedia of Hostas*** by Mark Zilis

This new book hot off the press describes every hosta that Mark has encountered over the past 30 years. There are 1897 photos of hostas as well as many unusual collector's plants and hosta oddities. It is the most definitive work on hostas in print and a must for every collector, nurseryman, and gardener. 1125 pages.
